Safe Driving on Campus

Please ensure that when pulling onto the campus you adhere to the 10 mph speed limit. Stay in designated pick-up and drop-off areas, as directed by the student aides. Be sure to drive the proper direction through the parking lot. Most importantly, we should be patient, respectful, and courteous to other drivers while they pick up their students from school. Anger and frustration can lead to careless and unsafe behavior. Being a positive role model can help students learn safe procedures. Thank you so much for your compliance with the speed limit and drop off and pick up locations.
